**CSCI E-71 Agile Software Development
Final Project
11/2/2015**

Yash Patel
Lori Higham
Joey White
Tomasz Skiba
Rich Burgess

Who are we?

Team Name : **SprintTasktic**

Team Members:
- o Yash Patel (Scrum Master)
- o Lori Higham (Product Owner)
- o Joey White (Developer)
- o Tomasz Skiba (Developer)
- o Rich Burgess (Developer)

What are we building?

Product Name: TaskrMastr

Product Vision: Every task easily managed through one user-friendly application

Product Infrastructure:

- Web interface using HTML, JS, and CSS

- Dynamic functionality with PHP

- MySQL Database

- Apache Web Server

Who are we building it for?

Stakeholders: Students, Employers, Event organizers, Homekeepers

- **Nancy is a homekeeper with three children who runs a small Kids' Crafts home business.**

- **Don is a Harvard student majoring in Web Design and juggles work and school.**

- **Mike is the CEO of Tech Inc. and oversees twenty-five employees.**

- **Big Splash owner Sarah is an event organizer who typically manages at least four events simultaneously.**

What are our top PBIs?

Our top PBIs:
- Create lists
- Sort lists
- Create categories
- Support registration/login/account recovery
